A TRIBUTE TO

THEODORE ROOSEVELT

26th President of the United States
& Native New Yorker

Knowing what's right doesn't mean much unless you do what's right.

Keep your eyes on the stars and your feet on the ground.

All the resources we need are in the mind.

The most important single ingredient in the formula of success is knowing how to get along with people.

If you could kick the person in the pants responsible for most of your trouble, you wouldn't sit for a month.

Let us rather run the risk of wearing out than rusting out.

Believe you can and you're halfway there.
